

VT DEVELOPMENTAL DISABILITIES COUNCIL

The Mission of VTDDC is to help build connections and supports that bring people with developmental disabilities and their families into the heart of Vermont communities.

REQUEST FOR PROPOSALS (RFP) ADVOCACY IN ACTION PROJECTS

A. Introduction to VTDDC: The Vermont Developmental Disabilities Council is a state-wide board created under the federal Developmental Disabilities Assistance and Bill of Rights Act [DDAct]. 14 of 23 members are people with disabilities or family members who are appointed by the Governor; other members are representatives from state and nonprofit agencies.

VTDDC uses the federal definition of developmental disability:

A disability that begins before age 22 that substantially affects three or more activities of daily life such as self-care, communication, movement, learning, self-direction, independent living, and employment.

VTDDC receives federal funding to support advocacy and improve services and supports for people with developmental disabilities. With these federal dollars, VTDDC funds activities to increase the availability of individual and family-centered supports and to promote independence, self-determination and community inclusion. VTDDC also advocates for and works to increase public awareness of issues affecting people with developmental disabilities and their families.

B. Purpose & Scope of Services: *Policymakers play a pivotal role through passage and implementation of laws that impact the lives of Vermonters. Self-advocates and parents are the natural voice to educate legislators and other key policymakers about current and proposed laws, policies and practice and to provide feedback on plans, studies and white papers. Year-round opportunities need to be developed that bring people with developmental disabilities and their families together with policymakers, and support their advocacy efforts at the local, regional and state level.*

The *purpose* of **Advocacy in Action Projects** is to support and engage individuals and organizations in planning and launching advocacy activities that bring people together, and educate and inform policymakers about the priorities of people with developmental disabilities and family members that are consistent with and further State Plan priorities. VTDDC seeks proposals that demonstrate the ability to plan and carry out advocacy activities that may include:

- Advocacy days at the legislature.
- Regional outreach before the legislative session.
- Educating key policymakers

- Activities in local communities that raise awareness about key issues, laws and/or policies.
